Heavy Machined Mining Castings

Manufacturers & Suppliers of
Shovel Bucket, HEMMs,
Crushers & Engineering Wear Parts

It is our mission and vision to develop different types of Machined Cast (Non-alloy Steel Castings, Alloy Steel Casting & High Manganese Steel Castings) items for Mining Sector. Our Qualified Engineers & Draftsmen are deputed to different mining sectors for the development of various items through reverse engineering. We have already developed and are supplying Bucket Assemblies for 4.6 Cu.M, 10 Cu. M and 20 Cu. M Shovels & Draglines.

We have also manufactured and supplied Side Discharge Loaders & Feeder Breakers under Collaboration with Global Companies.

We are also manufacturing and supplying spare of Buckets, Track Pads & Crawler Chain Assemblies, Bowl & Mantle Liners for Primary, Secondary & Tertiary Crushers and all are performing satisfactorily.
